

## Overview to incorporating new windows in NatHERS accredited software (25 June 2018)

1. WERS - Window Energy Rating Scheme. WERS is one of many data keepers, holding 95% of residential window manufacturer datasets. The data can only be used by WERS members

2. AFRC - Australian Fenestration Rating Council

3. ABCB - Australian Building Codes Board

4. AAO - Assessor Accrediting Organisation
